

Stopfordian Stars

Dear all,

Thank you for joining us for another issue of **Stopfordian Stars**. We started the week with a sunny bank holiday and then had a number of days with 20+ degree weather, it looked like Spring had finally Sprung. This week, Behavior for Learning walks took place. Many staff members have commented on all the good work they are seeing in lessons. We want to thank you all for your continual hard work in ensuring this.

This week's issue is full of praise for our hard working students.

Happy reading!

I'd like to congratulate Andrei, Stelios and Thoma in year 10 for making a great start to GCSE PE.

They are hardworking and committed to their studies. It's not easy joining an established class, especially from EAL to mainstream.

They are doing fantastically!

Ms Ince

This week Year 8 Students have been involved in Trial Exams for a range of subjects. This has been a good opportunity for the students to experience exam conditions and requirements ahead of starting their GCSEs in September. The students have approached these exams in a mature manner and we look forward to seeing their results over the next couple of weeks to see if their hard work has paid off. The Year 8 students are yet to complete their Computer Science exam and both their Speaking and Listening French tests and we would like to wish them luck with these.

Ms Holland

I would like to praise Giovanna Travassos Dantas (Yr11) for her motivation, hard work and as a result for her dazzling progress in French since she was able to make progress from no French at all to fluent discussion in the language within less than 15 months. She is an amazingly talented young lady.

I also wish to praise almost all Year 11 for their readiness for their speaking examination in French.

Many students consistently showed dedication in their preparation: Jamal Ojumu, Ayesha Jamal Mohamed, Jessica Chandrakumar, Dominic Brown, Courtney Brown, Tope Olakotan, Luana Graca, Buchi Onyiuke, Nicoleta Ioanasciuc, Janine Asamoah, Oleksandra Sakhatska, Nathan Osei-Atenka.

Ms Pivert

I'm praising the following students for their excellent effort and initiative in English:

Year 7- Mikele Mihaylov

Year 8- Fatima El Gazi Janan

Year 9- Rehum Brew and Samuel Longe

Mikele has shown an eagerness to learn and always completes his tasks with careful thought. He is very creative and has intelligent questions and ideas to share. He took the extra initiative when making his Globe Theatre model to include extra facts on it to represent the time period.

Fatima is lovely! She is always answering questions and takes pride in her work. She often completes her work before others and enjoys moving onto creative extension tasks. Fatima is always the first to volunteer to help hand out sheets and books, which is a great help.

Rehum and Samuel both show great initiative in our lessons. They are engaged and listening and encourage others to participate and listen to the lesson. They take neat notes and have both shown initiative to connect topics to things they can relate to.

All four of these students are lovely to have in class and to work with. They are wonderful role models to have in our classes.

Ms Gowans

Year 11 working hard in the library during lunch.

Year 11's have been working really hard and have demonstrated their dedication in coming to 8am English sessions each morning this week. I am very proud of how they have settled into some serious revision. The library has been busy each lunchtime as well and this is wonderful to see.

Well done year 11 and keep going!

Ms Folan

Thank you to all the staff members who contributed to this issue. Please keep you praises coming in.
