There are **2** vacancies for parent governors. You may vote for **2** candidates, but NOT vote more than once for each candidate.

Once you have completed your slip, please place

Candidates

ZAINAB MOBEREAOLA

As individuals with a connection with Bishop Stopfords, we each have a part to play in the lives of the children of the school, whether as parents, guardians and carers etc. We should, where we can, use our skills and experience to help them thrive and reach their full potential. My professional background is within the Civil Service. I also have experience as an entrepreneur, being both the business owner and designer of a fashion label. Throughout my career, I have taken a number of breaks in order to focus fully on my children at different stages of their lives. I understand the importance of parents being involved in school affairs and I believe being a parent Governor would give me the opportunity to contribute to improved outcomes for the children at Bishop Stopfords, including my own. It also gives me the opportunity to challenge and support the Head Teacher and the wonderful teaching staff we have at the school. Apart from working within the Government Legal Department, I volunteer weekly at a women's homeless shelter. I also enjoy spending time with my family, and seeking out new adventures.

By joining the Governing team, I hope to be able to support the already amazing work achieved and ensure the children get the very best out of their time at Bishop Stopfords.

Bukola Adegun

I am Mrs Funmi Adeogun(Akobi), I am a parent/mother of 14 year old, Year 9 student (daughter) and 11 year old, Year 7 student(son) at Bishop Stopford's School in Enfield, London.

I am a management accountant by training and I have worked as a banker and the treasurer of Nigerian University Accounting Student Association (NUASA) and the financial secretary of Adventist student association (ASF) that invented change to the university system.

I am presently the vice president of Obafemi Awolowo University Alumni Association United Kingdom. This gives me ample opportunity to be in a meeting with the Vice Chancellor of the university where we look into the university budget, their overheads, welfare of staff (academic and non-academic staff) and the entire students' welfare (undergraduate and postgraduate students). Moreover, I am in my final year of MSc student nurse scientist, innovator and entrepreneur in one of the prestigious United

Kingdom universities. Additionally, I am part of the pastoral team of Seventh-Day Adventist Church and Latymer All Saints Primary School, Edmonton, London.

I am always glad when I am part of the team/professional collaborators that want to raise godly seed for the kingdom. When given the opportunity, we will look at the synergy of pastoral and business school together, God bless.

Colleen Ollivierre

I worked as a chief respiratory physiologist for the NHS for 40 years. Responsibilities included managing staff, purchasing equipment and consumables. I've participated in helping finance some items for the primary school where my grandchild attended. I was part of apparent praying team for the school. My granddaughter attends Bishop Stopford's School. We, as a family are very happy with her settling into the school. The aim and determination from teachers to the children is powerful and meaningful for learning and improving development.

From my above statement, I feel I can produce a significant contribution as a Parent Governor if given the opportunity.
